**Milton Hershey Quilt Activity**

**Grade levels:** K-3

**Standards:** Pennsylvania Academic Standards For Reading, Writing, Speaking, and Listening
1.5.3 B, 1.6.3 E
Pennsylvania Academic Standards For History: 8.2.3.A
**Common Core:** W.1.2, W.3.8

**Materials:**
- Milton Hershey Quilt Template copied on tagboard – 1 per student
- Crayons
- Glue
- Scissors

**Teacher Background:**
This lesson was designed to create a display for which students can share the knowledge they learned about Milton Hershey while visiting The Hershey Story. Students will be using facts they learned about Milton Hershey to create a quilt square. Teachers can use the facts provided in the lesson or have students generate their own based on their experiences. Teachers can then put all the squares together to create a Milton Hershey quilt display.

**Lesson Plan**

**Essential Question:** What made Milton Hershey such an amazing individual?

**Activating Strategies:**

Step 1 – Review with students the experience they had while visiting The Hershey Story.

Step 2 – Read the essential question to the class and have students share their thoughts together as a class.

Step 3 – Review with students what a quilt is and tell them they will each be making their own Milton Hershey quilt square with facts they have learned about his life.

**Teaching Strategies:**

Step 1 – Draw a quilt template on the board or butcher paper for students to see (see template in lesson plan to copy.)
Step 2 – Give directions to students on how to complete their square. Milton Hershey’s name and picture should go in the center diamond. Students should then put an important fact about Milton Hershey’s life in each of the four triangles in the four corners of the square.

Step 3 – Have students then color and decorate their square.

**Summarizing Strategies:**

Have students share their squares and the facts they chose with the class. Teachers can then collect and use for a display.
