

Chocolate Lab at The Hershey Story Museum

I am going to visit the Chocolate Lab. The Chocolate Lab is a special room where I can make something delicious with chocolate.

I will wait with my adult to go into the Chocolate Lab.

A person in a white coat will take our ticket and tell me where to sit. I will sit with my adult. There may be other people sitting near us.

I may smell lots of new things in the Chocolate Lab.

I will have to put on a hair net so that none of my hair falls into the chocolate. I will wear an apron to keep my clothes clean. I will use hand sanitizer.

I will sit on a tall stool. I will sit quietly so that my stool does not tip over.

I will try to be patient while the person in the white coat tells us what we will do.

I will make something to eat out of chocolate. I can take it home in a bag when the class is over.

I can wash my hands if they get dirty.

I am going to the Chocolate Lab. I will sit quietly on my stool. I will wear a hair net and an apron. I will be patient while the person in the white coat tells us what we will make. I will be able to take home what I make, and I can eat it if I want to!
